

Eligible disabled veterans may now apply for school property tax credit

DOVER, DE— Veterans with a 100 percent disability rating may be eligible for a tax credit against 100 percent of non-vocational school district property tax. House Bill 214 with House Amendment 1, which was signed into law by Governor John Carney on August 10th, 2021, allows school districts to grant a Disabled Veterans School Property Tax Credit to eligible disabled veterans.

*“Our veterans make sacrifices unfamiliar to most, and for those disabled veterans that sacrifice is even greater. We have a solemn obligation to make sure they are taken care of when they come back home,” said **Governor John Carney**. “House Bill 214 honors that sacrifice. Thanks to all the advocates and members of the General Assembly that championed this bill.”*

*“Many of our disabled veterans struggle physically, mentally, and financially. Providing them an exemption from school property taxes will alleviate a financial burden,” said **Office of Veterans Services Director Josh Matticks**. “We’re thankful for Governor Carney and all the members of the Delaware General Assembly who made this happen.”*
